

Information Technology

Agency Overview

Agency Mission

The mission of the Information Technology (IT) Department is to provide IT services to all City agencies and connect the public to City of Madison services and information through people-focused technology solutions.

Agency Overview

The Agency supports the City's hardware, software, and telecommunications network. The goal of the agency is to have residents and IT customers engage with the City in an efficient, equitable manner with positive outcomes. Information Technology will advance this goal by supporting the City's network operations, security, risk and compliance, fiber and wireless, workstation equipment, and database infrastructure and provide more opportunities for digital engagement and access to City services, creating a more connected, equitable Madison.

2020 Budget Highlights

The 2020 Executive Budget:

- Increases the budget for annual software subscription and maintenance costs (\$208,000).
- Eliminates funding for redundant hardware and software and annual software subscriptions deemed unnecessary in 2020 (\$199,000).

Information Technology

Function: Administration

Service Overview

Service: Application Dev & Support

Citywide Element: Effective Government

Service Description

This service administers citywide and agency-specific applications, software, and webpages. Supported applications include City databases and database software, the City's website and EmployeeNet, the Electronic Document Management System (EDMS), the centralized Geographic Information System (GIS), support for enterprise applications such as MUNIS, Legistar, report writing tools, and all permitting, licensing, asset management, and land/planning applications. The goal of this service is to have residents and IT customers engage with the City in an efficient, equitable manner with positive outcomes.

Major Budget Changes

- Reduced or removed software that has not been fully utilized by agencies and created alternative solutions:
 - Decreased funding for EventBrite and Dig-E-Plan maintenance (\$48,000).
 - Discontinued use of redundant hardware/software (\$62,000).
- Decreased training and supplies (\$5,000).
- Increased hardware and software maintenance costs based on 2020 rates (\$44,000).
- Provision of annual subscription funding for systems purchased through the capital budget (\$85,000).

Activities Performed by this Service

- Project Management: This service provides the project management and process and business analysis for Information Technology related projects.
- IT Infrastructure: This service provides the backbone to support all Information Technology related resources and operations.
- Administration: This service provides all administrative functions to the Information Technology department, such as legal and contract compliance, purchasing, payroll, budget, records management and RESJI.
- Application Development and support: This service provides software and database application resources.
- Security: This service provides disaster recovery, risk management and incidental response to all information technology systems.
- Customer Service and Communication: This service provides for customer (internal City and external residents and visitors) assistance and support, digital signage, Madison City Channel, web, email list maintenance, and communication management.

Information Technology

Function: Administration

Service Overview

Service: Technical Services

Citywide Element: Effective Government

Service Description

This service supports the citywide network of high-speed fiber, City-owned computers and telephones, software upgrades and security patches, a City-owned wireless hotspot network, and digital video surveillance cameras. The service stays current with the latest security, hardware, and software technologies and recommends implementation of these technologies where appropriate. This service also includes the Media Team (Madison City Channel) that provides live coverage of City meetings and maintains taped replays and online archives of those meetings. The goals of this service are to continue to provide technology-based solutions that support customers' missions in all City departments/divisions and to provide data and application communication technology between government agencies and City residents and visitors.

Major Budget Changes

- Increased budget for Adobe licenses and storage hardware/software (\$120,000).
- Reduced or removed software that has not been fully utilized by agencies and created alternative solutions:
 - Decreased funding for hardware/software related to storage and security (\$71,500).
 - Discontinued use of redundant hardware/software (\$61,000).
 - Elimination of the Work Study program (\$7,500).
- Decreased training and supplies (\$5,000).
- Increased hardware and software maintenance costs based on 2020 rates (\$44,000).
- Provision of annual subscription funding for systems purchased through the capital budget (\$85,000).
- Increase to hourly wages to align with prior year spending (\$8,500).

Activities Performed by this Service

- Project Management: Project management and process and business analysis for Information Technology related projects.
- IT Infrastructure: Support to all Information Technology related resources and operations.
- Administration: Administrative support to the Information Technology department, such as legal and contract compliance, purchasing, payroll, budget, records management and RESJI.
- Application Development and Support: Software and database application resources.
- Security: Disaster recovery, risk management and incidental response to all information technology systems.
- Customer Service and Communication: Customer (internal City and external residents and visitors) assistance and support, digital signage, Madison City Channel, web, email list maintenance, and communication management.
